

Suppliers Directory

2023/24

A list of approved suppliers to the self storage industry

INTRODUCTION

If you need products or services for your self storage business, we are delighted to provide this comprehensive list. All the businesses listed are supplier members of the SSA UK or FEDESSA, have a track record of supplying to and supporting members or, are endorsed by the CEO. All agree and abide by our Supplier Code of Conduct too so you can buy with confidence.

The Directory groups suppliers in easy to search categories with most having multiple suppliers listed to provide you with a choice of options.

From the initial stages of considering a self storage business, a new start-up or right through to ongoing support to facilities currently open, operating and expanding, supplier members play a key role, offering a range and choice of products and services.

If you are interested in supplying to the industry, please contact Stephen Ramage, SSA UK via email sramage@ssauk.com or telephone 01270 623150.
