

JOIN THE YOUNG STORAGE NETWORK

The SSA UK are recruiting for the Young Storage Network – previously known as the Young Leaders Group.

This is an exciting opportunity to be part of a dynamic group of young people that help shape the future of the Self Storage Association and the sector.

We currently have nearly 100 members and there is no cost to join. As long as you are under 40 and working in the industry, then this group is for you. Not only for owners of self storage businesses, but for frontline staff, suppliers, financiers or anyone with an interest in the industry. Membership is on an individual not business base so one business can have multiple people as part of the group. Governed by its own board, it is an official working group of the SSA UK.

Members meet 2-3 times a year, but outside of this, most of the networking takes place in Slack groups where the network share best practice, gain insight into other companies experiences and knowledge base, or simply ask questions.

We are seeking more members from across the industry representing large, small, independent and supplier members. This is your opportunity to contribute to the one of the fastest growing sectors in the UK. If you want to be involved – we want to hear from you! Apply for membership now!
